Inspiration:

Music: The Voyager Golden Record, chaired by Carl Sagan. "In 1977, NASA launched two spacecraft, Voyager 1 and 2, on a grand tour of the solar system and into the mysteries of interstellar space. Attached to each of these probes is a beautiful golden record containing a message for any extraterrestrial intelligence that might encounter it, perhaps billions of years from now." - Pescovitz, Daly, and Azerrad

Film: Le Voyage Dans La Lune (1902) and other films by Georges Méliès, 2001: A Space Odyssey

Puppetry: Hansjürgen Fettig, Jim Kroupa.

Science: Carl Sagan, Ada Lovelace, Sally Ride, Neil deGrasse Tyson
